## NSN 6515-00-367-6500

Snare Wire - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-00-367-6500

Min. Tensile Strength (psi):
290000 pounds per square inch
Material And Location:
Steel, corrosion resisting
<b>Snare Type For Which Designed:</b>
Tyding tonsil
Snare Wire Type:
Plain
Diameter:
0.022 inches
Special Features:
Dmtr/no. 24 stubs wire gage
Specification Or Standard:
24 size
<b>Departure From Cited Designator:</b>
Annq and aash
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T133-e
