Diameter:

Between 8.500 millimeters and 12.000 millimeters

Length:

80.0 millimeters

Accessory Components:

Obturator

Size Designation:

36 french

Design Designation:

Shiley

Material And Location:

Plastic

Unit Type:

Tubular style

Features Provided:

Disposable and sterile

Product Name:

Tube tracheostomy shiley dsgn 80mm lg 36fr tubular style plastic

Special Features:

Removable inner cannula; pivoted neck plate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-c
