Design Designation:

Urinary drainage

Shaft Eye Quantity:

2

Proximal End Funnel Quantity:

1

Tip Type:

Round

Core Fabrication Method:

Not woven

Patient Size Designation:

Adult

Diameter:

18.000 french

Material And Location:

Plastic

Features Provided:

Sterile and disposable

Special Features:

W/externally mounted connector

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
