Design Designation:

Suction

Tip Type:

Open end

Connector Type:

Finger valve

Core Fabrication Method:

Not woven

Diameter:

14.000 french

Material And Location:

Plastic

Features Provided:

Sterile and disposable

Style Designator:

Tracheal tube, connector and elbow

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
