Design Designation:

Urinary drainage

Shaft Eye Quantity:

1

Proximal End Funnel Quantity:

1

Tip Type:

Coude and olivary

Core Fabrication Method:

Not woven

Patient Size Designation:

Adult

Diameter:

16.000 french

Material And Location:

Rubber

Features Provided:

Sterile and reusable

Style Designator:

Curved

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
