Surgical Drainage Tube - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-00-902-1975

Inside Diameter:
0.375 inches
Design Designation:
Penrose
Тір Туре:
Open end
Core Fabrication Method:
Not woven
Diameter:
0.375 inches
Material And Location:
Rubber
Features Provided:
Features Provided: Disposable and sterile and x-ray opacity
Disposable and sterile and x-ray opacity
Disposable and sterile and x-ray opacity Special Features:
Disposable and sterile and x-ray opacity Special Features: 18 in. Lg.
Disposable and sterile and x-ray opacity Special Features: 18 in. Lg. Style Designator:
Disposable and sterile and x-ray opacity Special Features: 18 in. Lg. Style Designator: Drainage tubing
Disposable and sterile and x-ray opacity Special Features: 18 in. Lg. Style Designator: Drainage tubing Shelf Life:
Disposable and sterile and x-ray opacity Special Features: 18 in. Lg. Style Designator: Drainage tubing Shelf Life: N/a
Disposable and sterile and x-ray opacity Special Features: 18 in. Lg. Style Designator: Drainage tubing Shelf Life: N/a Unit Of Measure:
Disposable and sterile and x-ray opacity Special Features: 18 in. Lg. Style Designator: Drainage tubing Shelf Life: N/a Unit Of Measure:
