Design Designation:

Tuberculin

Scale Type:

Double

Scale Smallest Increment:

0.500 minims and 0.010 cubic centimeters

Capacity:

1.000 cubic centimeters

Plunger Marking:

Dark colored gasket

Plunger Thumb Rest Type:

Button

Special Features:

Heat sealed, water repellent paper package, sterile, tip shield

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-b
