

View Online at <https://aerobasegroup.com/nsn/6515-00-962-4221>

Special Features:

No design designation; electrical operating data, ac, 110 v, not rated for amperage, 200 w rating, single phase, 60 cycles, not dc; output current data, faradic section, 500 usec for therapy, 80 usec for test, galvanic section, high and low intensity range; w/carrying case; dimensions, 13-1/4 in. Lg, 7 in. W, 7 in. H; additional equipment: case, accessory 1; cord, line 1; electrode 3 in. 2; electrode 5 in. 1; electrode, diagnostic 3/8 in. 1; electrode, diagnostic 1 in. 1; fastener, strap 4; handle, electrode 1; lead, patient, black 1; lead, patient, red 1; strap 24 in. 2; strap 48 in. 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-f
