Unit Package Quantity:

12 packets, 2.5 gm ea.

Unit Package Type:

Any acceptable

Sterility:

Sterile

Melting Point Temperature Range:

+57.0/+62.8 degrees celsius

Err Default:

Err default and err default

Product Name:

Wax bone 57-62.8 degrees celsius plastic aluminum 2.5 gm ea pk 12s

Exterior Container Weight:

35.00 pounds

Exterior Container Cubic Measure:

2.200 cubic feet

Exterior Container Quantity:

144

Special Features:

C/o a mixture of bees wax, almond oil with 2 pct salicylic acid or isopropyl palmitate; melting range not less than 57 degrees c; 2 to 3 gram in individually sealed container; d-day item for dod

Intermediate Package Quantity:

12

Unit Of Issue Cube:

0.019 cubic feet

Unit Of Issue Weight:

0.25 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T09700
