Design Designation:

Urinary drainage

Tip Type:

Funnel shaped plastic connector on proximal end, and bullet shaped distal end

Diameter:

14.000 french and 16.000 french

Material And Location:

Plastic, polyvinyl catheter

Features Provided:

Sterile and disposable

Special Features:

Individual package, straight type

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
