Product Name:

Hemodialysis apparatus: 115v 50 or 60hz

Exterior Container Weight:

44.00 pounds

Exterior Container Cubic Measure:

2.923 cubic feet

Exterior Container Quantity:

1

Special Features:

Portable; recirculating; 115 volt; 50 or 60 hz; ac; heparin and blood infusion pumps; air foam detector and automatic filtration and disinfection abilities incorporated into the apparatus; w/castored cart, one 3-conductor 16 awg power cord with male conductor, one set of clear plastic drain lines, one 6.5 liter container, one 15 liter container, assorted "o"rings, and operation and service manuals; for acute or chronic hemodialysis

Unit Of Issue Cube:

2.9230 cubic feet

Unit Of Issue Weight:

44.0000 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-a
