Design Designation:

Endotracheal or murphy

Tip Type:

Open end

Diameter:

6.000 millimeters

Material And Location:

Plastic, polyvinyl

Product Name:

Tracheal tube 6mm 10s

Special Features:

Nasal and oral, inflating tube, pilot balloon and connector

Style Designator:

Tracheal w/ cuff

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
