Design Designation:

Foley

Shaft Eye Quantity:

2

Balloon Capacity:

5.0 cubic centimeters

Inflation Device:

Valve

Tip Type:

Round

Diameter:

16.000 french

Material And Location:

Rubber catheter

Features Provided:

Sterile and disposable

Special Features:

Silicone, w/reinforced "y" adapter; packaged in protective sheath strip type; unit q type 12

Style Designator:

Hemostatic w/ ovoid balloon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
