Overall Diameter:

70.0 millimeters

Product Name:

Diaphragm vaginal 70mm diameter contoured rubber in plastic container

Exterior Container Weight:

16.00 pounds

Exterior Container Cubic Measure:

1.93 cubic feet

Exterior Container Quantity:

144

Special Features:

In plastic container; coiled spring in rim of diaphragm and pressure points, marked at opposite sides, to form and arc for insertion and correct placement; w/small-size tube of spermicidal cream or jelly; rubber; contoured

Intermediate Package Quantity:

6

Unit Of Issue Cube:

0.001 cubic feet

Unit Of Issue Weight:

0.11 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-c
