Overall Diameter:

75.0 millimeters

Product Name:

Diaphragm vaginal 75mm diameter contoured rubber in plastic container

Exterior Container Weight:

16.00 pounds

Exterior Container Cubic Measure:

1.93 cubic feet

Exterior Container Quantity:

144

Special Features:

Coiled spring; latex rubber; w/ marked pressure points on rim at opposite sides to form arc for insertion and correct placement; w/ small-size tube of spermicidal cream or jelly; contoured; in plastic container

Intermediate Package Quantity:

12

Unit Of Issue Cube:

0.001 cubic feet

Unit Of Issue Weight:

0.11 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-c
