Overall Length:

8.750 inches

Usage Design:

For use in hilar dissecting

Design Designation:

Storey

Grip Type:

Finger ring

Joint Type:

Box lock

Jaw Type:

Right angled

Jaw Grasping Method:

Cross serrated

Grasping Facility Quantity Per Jaw:

1 first jaw and 1 second jaw

Jaw Grasping Facility Location:

Along jaw

Jaw Grasping Facility Arrangement:

Opposed

Jaw Length:

52.0 millimeters

Compression Retaining Method:

Ratch-pawl

Product Name:

Forceps hemostatic storz dsgn r ang jaw 8.75" lg 52mm jaw lg crs

Surface Treatment And Location:

Passivate

Material And Location:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51710
