**Design Designation:**

Intravenous

**Tip Type:**

Short bevel

**Connector Type:**

Female luer lock or female luer slip

**Catheter Length:**

2.000 inches

**Material And Location:**

Plastic hub and steel, stainless needle and plastic, polypropylene catheter and plastic, fluorinated ethylene catheter pr plastic, propylene catheter

**Product Name:**

Catheter & ndl unit d12 iv 20 gage x 2" cath radpq short bevel tip 50s

**Special Features:**

Radiopaque, nontoxic, pyrogen-free, 20 gage by 2 inch catheter with a self-vented chamber; an indwelling catheter for use in administration of intravenous fluids from a single veinipuncture in preoperative and post-operative treatment; plastic catheter and needle hubs provides a leakproof fit; 50 catheters per package

**Style Designator:**

Intravenous catheter and needle unit

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A22100
