Overall Diameter:

7.870 inches

Material And Location:

Plastic, polytetrafluoroethylene

Adjustment Gage:

Not provided

Features Provided:

Disposable and sterile

Product Name:

Dilator vascular 7.870" diameter polyprop fitting f/7fr cath 10s

Special Features:

Polypropylene fitting; to be used for 7 fr., 0.038 in o.D., radiopaque catheter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-a
