Design Designation:

Eustachian

Tip Type:

Bulbous

Core Fabrication Method:

Not woven

Diameter:

0.079 inches

Material And Location:

Cupr0-nickel

Product Name:

Catheter eustachian d1 sz 2 luer taper female conn cupro-nickel

Special Features:

Size 2; luer taper; female connection; used in medical procedures involving the ear

Style Designator:

Eustachian

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
