Overall Length:

2.900 inches

Usage Design:

For microsurgery

Design Designation:

Troutman-barraquer

Jaw Grasping Facility Location:

At tip

Product Name:

Forceps eye corneal utility troutman-barraquer 73mm length crs

Special Features:

0.12 mm teeth

Material And Location:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51710
