Product Name:

Endoscopic inst fiber optic 115/230v 50/60hz ac single channel

Voltage In Volts:

115.0 and 230.0

Special Features:

Flexible; sigmoidoscope; single channel; 50 or 60 hz, ac; in carrying case; twin ratchet control; with automatic air, water, and suction controls; flexible shaft; and 180 degrees up-down, 180 degrees right-left deflection; forward field view 75 deg; provides capability for photography; direct tv hook-up and videotape; includes the following accessories: cleaning brushes 2; forceps, biopsy 2; lubricant 1 bt; syringe 1; valve, spare 1

Frequency In Hertz:

50.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-f
