Unit Package Quantity:

100

Hub Type:

Luer lock

Cannula Wall Thickness Designation:

Regular

Cannula Bevel Designation:

Regular

Material And Location:

Steel, corrosion resisting

Needle Cannula Gage Designation And Location:

30 gage cannula

Immediate Container Type:

Package

Immediate Container Quantity:

1

Cannula Outside Diameter:

Any acceptable

Cannula Length:

0.500 inches

Product Name:

Needle hypo c12a gp 30ga color coded reg bevel ribber cap 100s

Exterior Container Weight:

53.00 pounds

Exterior Container Cubic Measure:

4.948 cubic feet

Exterior Container Quantity:

60

Special Features:

Color coded; autoclavable; ribbed cap; regular bevel

Intermediate Package Quantity:

10

Style Designator:

General purpose w/ stub needle gage numbe (s)

Unit Of Issue Cube:

0.001 cubic feet

Unit Of Issue Weight:

0.01 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A21800
