Overall Length:

9.000 inches

Diameter:

0.035 inches

Design Designation:

Kirschner

Material And Location:

Steel, corrosion resisting

Surface Treatment And Location:

Passivated

Product Name:

Pin bone kirschner crs 0.035in diameter 9in lg threaded bone wire

Special Features:

Threaded bone wire; fabricated from cold drawn wire conforming to astm 138, grade b; one piece construction; for use as an implant in the reduction of fractures

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-c
