Overall Height:

2.4 millimeters

Overall Diameter:

13.7 millimeters

Overall Thickness:

1.2 millimeters

Material And Location:

Titanium

Surface Treatment And Location:

Any acceptable

Size:

Universal

Product Name:

Ring vitrectomy univ size 2.4mm h 1.2mm thk 13.7mm diameter titanium

Special Features:

Used during intraocular surgical procedures to hold contact lens

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-d
