Overall Length:

10.500 inches

Design Designation:

Best

Material And Location:

Steel, corrosion resisting

Jaw Type:

Right angle

Jaw Quantity:

2

Jaw Grasping Method:

Pointed

Err Default:

Err default

Compression Retaining Method:

Ratch-pawl

Product Name:

Clamp intestinal anastomosis best r ang pointed jaw 10.50" lg crs

Special Features:

W/box lock; for open anastomosis

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-d
