Overall Width:

5.0 millimeters

Size Designation:

2

Material And Location:

Copper and metal handle

Product Name:

Spoon pituitary cushioning size 2 small cup 9.25"x5x10mm copper o/a

Exterior Container Weight:

13.00 pounds

Exterior Container Cubic Measure:

0.003 cubic feet

Exterior Container Quantity:

1

Special Features:

Cushioning; small cup; 9-1/4 in. (235 mm); for use in neurosurgical hypophysectomy procedures

Unit Of Issue Cube:

0.003 cubic feet

Supplementary Features:

10 mm deep

Unit Of Issue Weight:

0.125 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-c
