Overall Length:

10.250 inches

Usage Design:

For cardiovascular procepures

Design Designation:

Potts smith

Jaw Type:

Serrated

Jaw Grasping Method:

Distal flanged

Product Name:

Forceps tissue potts smith 10.25" fine serr jaws distal tip crs

Surface Treatment And Location:

Passivate

Material And Location:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51710
