Handle Type:

Nondetachable

Design Designation:

Pilling

Unit Type:

Cannulated

Grip Type:

Smooth

Product Name:

Forceps bronchoscopic pilling cutting-grasping 50cm lg nondet ss

Special Features:

Shaft length: 50.0 centimeters; specific use: cutting-grasping; jaw type: kahler grasping; jaw grasping method: grasping; unit of issue cube: .001 cubic feet; unit of issue weight: .01 pounds; for use through tubes or larger 4mm.; center-action handle/double-action jaws eliminate distal end to pull away from objective/rise; unbendable stem from pressure from handle

Material And Location:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51710
