Tip Type:

Open side and blunt point

Material And Location:

Steel, corrosion resisting

Eye Quantity:

2

Distal End Shape:

Oval

Product Name:

Cannula bronchial 10fr oval distal end 57cm lg flexible crs

Exterior Container Weight:

3.00 pounds

Exterior Container Cubic Measure:

0.36 cubic feet

Exterior Container Quantity:

1

Special Features:

57 cm lg; 10 fr; for aspirating bronchial secretions through a 5 mm diameter or larger bronchoscope

Unit Of Issue Cube:

0.001 cubic feet

Unit Of Issue Weight:

0.01 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-c
