Handle Length:

44.0 millimeters

Handle Type:

Round and knurled

Design Designation:

Elliot

Unit Type:

Eye

Product Name:

Handle corneal trephine elliot eye unit 44mm lg round & knurled

Special Features:

Round grooved handle in/adjustable chuck; knurled thumbnut rotates clockwise; collapses chuck around trephine shaft; dull finish: used w/p/n e2784, e3094; e3100 and e3110

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-a
