**Overall Length:**

58.000 inches

**Overall Diameter:**

0.035 inches

**Tip Type:**

Straight

**Material And Location:**

Steel, stainless

**Product Name:**

Guide catheter needle disp polytetrafluoroethylene coated 0.035" diameter 145 cm lg

**Special Features:**

Polytetrafluoroethylene coated fixed core; heparin coating; large diameter core with 15 cm flexible tip, distal 1 cm soft; sterile in peel-open packages; disposable; fits needle gage 18t

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T133-g
