### **Overall Length:**

58.000 inches

## **Overall Diameter:**

0.035 inches

## Tip Type:

Straight

## Material And Location:

Steel, stainless

#### **Product Name:**

Guide catheter needle disp polytetrafluoroethylene coated 0.035" diameter 145 cm lg

## **Special Features:**

Polytetrafluoroethylene coated fixed core; heparin coating; large diameter core with 15 cm flexible tip, distal 1 cm soft; sterile in peel-open

packages; disposable; fits needle gage 18t

# Shelf Life:

N/a

#### Unit Of Measure:

--

#### **Demilitarization:**

No

# Fiig:

T133-g
