Product Name:

Nebulizer ultrasonic mobile 120/230volt 50/60hz ac solid state

Unit Of Issue Cube:

8.515 cubic feet

General Description:

Mobile; solid state; corrosion-resisting steel; with stand and brackets; internal controllable air supply; low liquid automatic shutoff; nebulizer chamber; solution reservoir and removable tubes; accommodates an ancillary fluid reservoir for continuous therapy; produces 6 ml per minute of homogenous fine particle mist for aerosol therapy; 120/230 volt, 50/60 hz ac; deployable medical item, electrical characteristics, provisioning

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
