**Product Name:**

Pacemaker cardiac bipolar pacing electrode designed 125cm lg 7fr

**Special Features:**

7f.; 125cm length; sterile; woven dacron, fibers/platinum electrode bands; for temporary transvenous cardiac pacing; first electrode at vistol tip; second electrode 10m proximal; used in the hospital critical care units to the cardiac catheterization laboratory; bipolar pacing electrode designed

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T133-f
