Product Name:

Pacemaker cardiac bipolar pacing electrode designed 125cm lg 7fr

Special Features:

7f.; 125cm length; sterile; woven dacron, fibers/platinum electrode bands; for temporary transvenous cardiac pacing; first electrode at vistal tip; second electrode 10m proximal; used in the hospital critical care units to the cardiac catheterization laboratory; bipolar pacing electrode designed
Shelf Life:
N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-f
