Design Designation:

Foley

Shaft Eye Quantity:

1

Balloon Capacity:

3.0 cubic centimeters

Inflation Device:

Valve

Tip Type:

Round

Diameter:

10.000 french

Material And Location:

Silicone

Product Name:

Catheter urethralfoley 10 fr pediatric 3cc balloon cap rd tip 10s

Special Features:

Pediatric; valve accepts luer slip or luer locksyringe; color coded retainer ring f/identification; thick tapered funnel connector f/snug, leak-proof connection; individually packaged peel-back pouch; unit q type 10

Style Designator:

Modified retention

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
