Design Designation:

Otology

Tip Type:

Tee

Diameter:

1.1 millimeters

Err Default:

Err default

Err Default:

Err default

Material And Location:

Silicone rubber

Product Name:

Tube drainage otology c10 tee 1.1mm diameter 9.8mm horizontal lg

Special Features:

T-tube; used for long term ventilation of the tympanic membrane; individually packaged

Style Designator:

Tee

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
