Design Designation:

General purpose

Tip Type:

Luer slip

Scale Type:

Single

Plunger Material:

Plastic

Barrel Material:

Plastic

Scale Smallest Increment:

0.200 cubic centimeters

Capacity:

12.000 cubic centimeters

Barrel Tip Design:

Concentric

Product Name:

Syringe hypodermic gp 12cc cap sgl scale luer slip ster disp100s

Special Features:

Sterile, disposable, individual package; w/protective cap on tip; package to permit aseptic delivery; 10 - 12 cc capacity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-b
