Current Type:

Ac

Product Name:

Stimulator electro-oscillating neurosurgical 120/230v 50/60hz ac

Voltage In Volts:

120.0

Special Features:

120/230 volt, 50/60 hz, ac; 128 by 12.1 by 5.7 in (32.50 by 30.70 by 14.47 cm) includes one patient cable with treatment probe and one patient cable with ground electrode; for use in physical therapy in the treatment off acute and chronic musculoskeletal pain

Frequency In Hertz:

50.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-f
