Overall Length:

163.000 centimeters

Usage Design:

Designed for flexible gastroscopes

Design Designation:

American

Features Provided:

Reusable

Product Name:

Forceps biopsy gi w/6.75fr flex target 163cm lg 2.25mm diameter crs

Special Features:

Forcep w/6.75 fr flex target; coiled polytetrafluoroethylene coated wire; idstal tip 2.25 mm cup diopsy forcep w/sharp bayonet needle; upper and lower jaws form precision when closed; handle w/central thumb ring; sterilization w/ethylene oxide or steam up to 10 hours or 275 degrees; diameter 2.250 millimeters

Material And Location:

Stainless steel and plastic handle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51710
