Unit Package Quantity:

10

Design Designation:

Special pediatric

Tip Type:

Open end

Patient Size Designation:

Child

Diameter:

5.0 millimeters

Material And Location:

Plastic, polyvinyl

Features Provided:

Flexible

Product Name:

Tube tracheal spcl ped e11 w/o cuff child 5mm id oral plas 10s

Special Features:

Individual package; 5.0 mm id; oral; transparent tube; magill style bevelled tip w/two eyes; ethylene oxide gas sterilized

Style Designator:

Tracheal w/0 cuff

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
