Tracheal Tube - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-174-2347

Unit Package Quantity:
10
Design Designation:
Special pediatric
Tip Type:
Open end
Patient Size Designation:
Child
Diameter:
5.0 millimeters
Material And Location:
Plastic, polyvinyl
Features Provided:
Flexible
Product Name:
Tube tracheal spcl ped e11 w/o cuff child 5mm id oral plas 10s
Special Features:
Individual package; 5.0 mm id; oral; transparent tube; magill style bevelled tip w/two eyes; ethylene oxide gas sterilized
Style Designator:
Tracheal w/0 cuff
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A22100
