**Overall Length:**

144.000 inches

**Unit Package Quantity:**

20

**Design Designation:**

Suction

**Connector Type:**

Molded female connector ends

**Core Fabrication Method:**

Not woven

**Material And Location:**

Plastic

**Product Name:**

Suction tubing, sterile, 12', disposable

**Special Features:**

Transparent; flexible; non-conductive; inside dia. 9/32 in.; minimal coil memory; for suctioning procedures where sterile tubing is required; destruction after 60 months

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A22100
