Overall Length:

144.000 inches

Unit Package Quantity:

20

Design Designation:

Suction

Connector Type:

Molded female connector ends

Core Fabrication Method:

Not woven

Material And Location:

Plastic

Product Name:

Suction tubing, sterile, 12', disposable

Special Features:

Transparent; flexible; non-conductive; inside dia. 9/32 in.; minimal coil memory; for suctioning procedures where sterile tubing is required; destruction after 60 months

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
