Design Designation:

Thoracic

Tip Type:

Beveled

Core Fabrication Method:

Not woven

Diameter:

24.000 french

Material And Location:

Plastic catheter

Product Name:

Chest tube thoracic c9 straight 24 fr bevel not woven ster disp

Special Features:

6 eyes; 20 inch length; individually packaged in rigidpak; straight; unit q type 10

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
