Width:

24.000 inches

Thickness:

0.125 inches

Length:

18.000 inches

Design Designation:

Polyform

Material And Location:

Plastic, polycaprolactone

Product Name:

Sheet splint orthopedic polyform dsgn 18 x 24 x 0.125" plastic 4s

Special Features:

Reduces splintmaking time; used on body to provide support highly workable material at molding temp w / excellent strength

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-c
