Design Designation:

Cardiovascular

Tip Type:

Curved

Connector Type:

Luer lock hub

Core Fabrication Method:

Not woven

Diameter:

7.300 french

Material And Location:

Plastic, polyethylene catheter and metal connector

Features Provided:

Sterile and disposable and x-ray opacity

Special Features:

Sterile, 100 cm. Long, no side holes, used with 0.038 inch diameter guide wire, color coded blue, left curved

Style Designator:

Intravenous injection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
