**Design Designation:**

Murphy

**Tip Type:**

Beveled

**Core Fabrication Method:**

Not woven

**Diameter:**

16.000 french

**Material And Location:**

Plastic, polyvinyl chloride

**Product Name:**

Tube tracheal murphy 16 fr plas ster disp pediatric size w/conn 10s

**Special Features:**

Pediatric size; w/connector; i.D. 4mm; heat-sensitive; smooth; thin wall construction; kink-resistant; self-sealing valve; individually packed; unit q type 10

**Style Designator:**

Tracheal w/0 cuff

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A22100
