Design Designation:

Oral

Shaft Eye Quantity:

2

Tip Type:

Beveled

Patient Size Designation:

Child

Diameter:

25.000 french

Material And Location:

Plastic

Product Name:

Tube tracheal oral e13 25 fr child sterile plastic indiv pkgd 10s

Special Features:

May be straightened for tracheal suctioning; w/15mm connector on each tube; marked w/i.D. For ages 5-1/2-7-1/2 yrs.; individually packed; unit q type 10

Style Designator:

Tracheal w/0 cuff

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
