Design Designation:

Foley

Shaft Eye Quantity:

2

Balloon Capacity:

5.0 cubic centimeters

Proximal End Funnel Quantity:

2

Inflation Device:

Valve

Tip Type:

Coude

Core Fabrication Method:

Not woven

Diameter:

20.000 french

Material And Location:

Silicone rubber

Special Features:

Sterile; disposable; color code-yellow; reinforced tip with stylet poket; non-reactive; non-adhering; unit q type 10 per case

Style Designator:

Modified retention

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
